

Evergreen FS Agri-Finance is designed to help you reduce risks and increase profitability.

We understand the cyclical nature of production agriculture and know that each farming operation is different.

Credit limits, loan terms, conditions and repayment plans are matched to your operation's schedule and requirements.

Complete and return the application. Once approved, you can begin booking or purchasing your **2023 Crop Inputs!**

Whatever your Evergreen FS Specialist recommends to help you produce a crop can be financed through FS Agri-Finance.

Finance ALL of the quality FS products and services you use in your crop production cycle.

- Seed • Precision Farming
- Fertilizer • Scouting
- Crop Protection Products
- Custom Application Services
- Fuel • Lubricants • Propane

Application Checklist:

- FS FastApp and Note/Security Agreement, signature must match driver's license.
- 2023 Crop Production Plan.
- Product Election Form.
- 2022 Year-End Financial Statement.
- Additional material may be required for combined loans over \$175,000.
- All seed loan balances will be applied to the loan when they are invoiced. If the grower would like the balance applied earlier, that must be indicated on the application.

0% Seed Program

Take advantage of **0% interest** on your seed orders for 2023.

Program Requirements: Grower must increase seed units over prior year or be a 100% Evergreen FS seed customer. Talk with your Evergreen FS Crop Specialist for more information.
